FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401 sets out the fee guideline for acute care inpatient hospital services.
3. 28 Texas Administrative Code §134.1 provides for fair and reasonable reimbursement of health care in the absence of an applicable fee guideline.
4. Texas Labor Code §413.011 sets forth provisions regarding reimbursement policies and guidelines.
5. This request for medical fee dispute resolution was received by the Division on November 21, 2005. Pursuant

to 28 Texas Administrative Code §133.307(g)(3), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on December 12, 2005 to send additional documentation relevant to the fee dispute as set forth in the rule.

6. U.S. Bankruptcy Judge Michael Lynn issued a "STIPULATION AND ORDER GRANTING RELIEF FROM AUTOMATIC STAY TO PERMIT CONTINUANCE AND ADJUDICATION OF DISPUTED WORKERS COMPENSATION CLAIMS BEFORE THE TEXAS STATE OFFICE OF ADMINISTRATIVE HEARINGS," dated August 27, 2010, in the case of *In re: Renaissance Hospital – Grand Prairie, Inc. d/b/a/ Renaissance Hospital – Grand Prairie, et al.*, in the United States Bankruptcy Court for the Northern District of Texas, Fort Worth Division in Case No. 08-43775-7. The order lifted the automatic stay to allow continuance of the claim adjudication process as to the workers' compensation receivables before SOAH, effective October 1, 2010. The order specified John Dee Spicer as the Chapter 7 trustee of the debtor's estate. By letter dated October 5, 2010, Mr. Spicer provided express written authorization for Cass Burton of the law office of Burton & Hyde, PLLC, PO Box 684749, Austin, Texas 78768-4749, to be the point of contact on Mr. Spicer's behalf relating to matters between and among the debtors and the Division concerning medical fee disputes. The Division will utilize this address in all communications with the requestor regarding this medical fee dispute.
7. The services in dispute were reduced/denied by the respondent with the following reason codes:
   - Z585 – THE CHARGE FOR THIS PROCEDURE EXCEEDS FAIR AND REASONABLE. (Z585)
   - Z695 – THE CHARGES FOR THIS HOSPITALIZATION HAVE BEEN REDUCED BASED ON THE FEE SCHEDULE ALLOWANCE. (Z695)
   - Z560 – THE CHARGE FOR THIS PROCEDURE EXCEEDS THE FEE SCHEDULE OR USUAL AND CUSTOMARY VALUES AS ESTABLISHED BY INGENIX. (Z560)
   - X322 – DOCUMENTATION TO SUBSTANTIATE THIS CHARGE WAS NOT SUBMITTED OR IS INSUFFICIENT TO ACCURATELY REVIEW THIS CHARGE. (X322)

Findings

1. The Division's former rule at 28 Texas Administrative Code §134.401(b)(1)(B), effective August 1, 1997, 22 *Texas Register* 6264, defines inpatient services as "Health care, as defined by the Texas Labor Code, §401.011(19), provided by an acute care hospital and rendered to a person who is admitted to an acute care hospital and whose length of stay exceeds 23 hours in any unit of the acute care hospital." Review of boxes 17 and 18 of the submitted medical bill finds that the injured worker was admitted on April 1, 2005 at hour 11. Review of boxes 6 and 21 finds the injured worker was discharged on April 2, 2005 at hour 13. The submitted documentation supports that the length of stay exceeded 23 hours. The Division therefore concludes that the services in dispute are inpatient services.
2. This dispute relates to inpatient hospital services with reimbursement subject to the provisions of former 28 Texas Administrative Code §134.401(c)(5), which requires that "When the following ICD-9 diagnosis codes are listed as the primary diagnosis, reimbursement for the entire admission shall be at a fair and reasonable rate: (A) Trauma (ICD-9 codes 800.0-959.50); (B) Burns (ICD-9 codes 940-949.9); and (C) Human Immunodeficiency Virus (HIV) (ICD-9 codes 042-044.9)." Review of box 67 on the hospital bill finds that the principle diagnosis code is listed as 844.2. The Division therefore determines that this inpatient admission shall be reimbursed at a fair and reasonable rate pursuant to Division rule at 28 Texas Administrative Code §134.1 and Texas Labor Code §413.011(d).
3. Former 28 Texas Administrative Code §134.1(c), effective May 16, 2002, 27 *Texas Register* 4047 requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission."
4. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
5. 28 Texas Administrative Code §133.307(g)(3)(C)(ii), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include "the requestor's reasoning for why the disputed fees should be paid." Review of the submitted documentation finds no documentation of the requestor's reasoning for why the disputed fees should be paid. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(ii).
6. 28 Texas Administrative Code §133.307(g)(3)(C)(iii), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include

"how the Texas Labor Code and commission [now the Division] rules, and fee guidelines, impact the disputed fee issues." Review of the submitted documentation finds that the requestor did not state how the Texas Labor Code and Division rules impact the disputed fee issues. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(iii).

7. 28 Texas Administrative Code §133.307(g)(3)(C)(iv), effective January 1, 2003, 27 Texas Register 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include a position statement of the disputed issue(s) that shall include "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the requestor's documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(iv).
8. 28 Texas Administrative Code §133.307(g)(3)(D), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:
   - The requestor's position statement asserts that "Hospital is requesting bill be paid at TWCC stop loss."
   - The requestor asks for reimbursement under the stop-loss provision found in former 28 Texas Administrative Code §134.401(c)(6). However, §134.401(c)(6) states that "The diagnosis codes specified in paragraph (5) of this subsection are exempt from the stop-loss methodology and the entire admission shall be reimbursed at a fair and reasonable rate." As stated above, the Division has found that the primary diagnosis is a diagnosis code specified in §134.401(c)(5); therefore, the disputed services are exempt from the stop-loss methodology and the entire admission shall be reimbursed at a fair and reasonable rate pursuant to §134.1.
   - The Division has previously found that a reimbursement methodology based upon payment of a percentage of a hospital's billed charges does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, which states at 22 *Texas Register* 6276 that:

     "A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources."

     Therefore, a reimbursement amount that is calculated based upon a percentage of a hospital's billed charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
   - The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
   - The requestor did not support that payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

   The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is $0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to $0.00 reimbursement for the services in dispute.
